TOWN WARRANT

[L. S.]

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Kingston, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Kingston on Tuesday, the 12th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To choose one delegate to attend the Constitutional Convention at Concord on the first Wednesday of June next.

4. To see how much money the town will raise and appropriate for the construction and repair of highways.

5. On petition of Walter S. Bartlett and others, to see if the Town will vote to raise and appropriate the sum of \$300, to be expended on the main road from the store of R. W. Cheney to Plaistow line.

6. To see if the town will vote to dig a well for fire

and other purposes near the store of Walter E. Webster, and make appropriation for same.

7. To see how much money the Town will raise and appropriate for the support of the Library.

8. To see how much money the Town will raise and appropriate for Memorial Day.

9. To see what action the Town will take in relation to the Gypsy and Brown Tail Moths.

10. To see if the Town will vote to raise and appropriate the sum of \$100 for Band Concerts on the Common.

11. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 24th day of February, in the year of our Lord nineteen hundred and twelve.

This money was worked on the road from Exeter town line to Newton line and from Danville line to East Kingston and was not confined to any district.

The road agents wish to call your attention to the condition of the bridges.

We found them in very poor condition, three had to be built over entirely and two nearly, so we have expended \$497.00 on bridges this year and the bridge at Little River is in poor condition and we recommend it be made shorter as a span of 45 feet is not called for and costs too much to maintain.

BOARD OF HEALTH

During the past year there have been quite a number of cases of contagious diseases in the town. At the opening of the year we had several cases of scarletina but all were light and the spread was limited. In March and April there was quite an epidemic of measles and the school attendance suffered thereby. While there has been great improvement on the part of the parents in co-operating with the board in keeping at home ailing children, especially when any of the contagious diseases were prevailing, there have been a few cases where parents have been to blame for failure to do just this thing. There was a prevalence of whooping cough during the year, the spread of which was due largely to neglect or wilfulness displayed by a few in not separating and keeping away from school suspected cases. There should be a closer union of effort between the School Committee and this Board in their endeavors to look out for the well-being of the school children. Sometimes the teacher finds herself in a quandary as the School Committee seem to expect one thing and the Board of Health another. Whenever there is public need for the enforcement of the health laws they take precedence over the others, but there should be no friction and we think that it can be avoided by the two boards getting together. We are glad to see more attention paid to the law forbidding children with communicable disease attending school. Just carry this a step further and keep such children away from others

and out of all public assemblies while there is danger of spreading the unpleasant or dangerous disease.

H. L. SWEENEY,
J. W. PRESCOTT,
A. F. NASON,

Board of Health.

LIBRARY REPORT

During the past year the use of our Library has been fully as great as at any previous time.

We think that it has long since proved its value to the town and that it will long continue to form a part of our educational system. As the shelf room was about used it became necessary to have built and installed two new book stacks and owing to the cost of these there was less money available for new books.

The town has just put in electric lights which will be a great improvement over the old means of lighting.

The librarian's report shows that the circulation is fully up to the average and it is gratifying to be able to state that, especially among the younger users there is a growing demand for other books than the light fiction of the day.

One suggestion we would make to the people of the town or to other friends of the Library and that is that they deposit in the Library any old papers, sermons or accounts of special observances in the town. These occasions are rather interesting to refer to in after years and we have a special case built for the preserving of all such papers where they would be safe and also of use to any one who cared to consult them. The treasurer's report shows a balance left over for the year but this will be needed for the renewal of rebinding of present books so that the trustees would recommend the appropriation of the usual amount, that is one hundred dollars.

REPORT OF SCHOOL BOARD

The school report of last year mentioned the fact that great improvement would be expected from dividing School No. 4 into Primary and Grammar schools. These expectations have been realized to a great degree. The number of pupils has been increased as reference to the statistical table will show. For we must surely know that greater interest brings greater attendance. Therefore, realizing how much better work can be done by teachers and pupils by giving the teachers less grades to deal with in the same amount of time we decided to place all the primary scholars of Schools Nos. 2 and 3 in No. 3 and all the grammar scholars in No. 2. This has also been met with a greater attendance and better rank and has on the whole proved to be satisfactory to both pupils and parents.

We have also been fortunate in having but few changes in our teachers as our statistical table shows.

There will be needed nine hundred dollars (\$900) and two hundred and fifty dollars (\$250) for books and supplies, during the coming year.
